

SYMPTOMS CHECKER REPORT

The image shows the initial state of a 'Health Tracker Symptoms Checker' form. On the left is a green sidebar with a white stethoscope icon, the text 'Health Tracker', and 'Symptoms Checker' below it. The main area has a title 'Check Symptoms' and four dropdown menus for 'Headache:', 'Cough:', 'Fever:', and 'Chest Pain:', all currently set to 'No'. Below these is a green 'Check Results' button and a 'Back to Dashboard' link.

Figure 1. UI Form of Symptoms Checker

This image shows the same form as Figure 1, but with the dropdown menus updated to reflect user input. 'Headache:', 'Cough:', and 'Chest Pain:' are now set to 'Yes', while 'Fever:' remains set to 'No'. The 'Check Results' button and 'Back to Dashboard' link are still present at the bottom.
